Git GUI Clients

- GUI = Graphical User Interface
- Visualisieren Branchstruktur
- Unsere Empfehlung: GitKraken
- Alternativen
 - SourceTree
 - Github Desktop

Git GUI Clients

The screenshot displays the Git GUI client interface for the 'flutter-intellij' repository. The interface is divided into several sections:

- Repository and Branch:** The top bar shows the repository name 'flutter-intellij' and the current branch 'master'.
- Commit History:** The central pane shows a vertical list of commits. The 'release_35.1' branch is highlighted. The commit messages are visible on the right side of the commit list.
- Unstaged Files:** The right pane shows '2 file changes on master'. The file 'src/io/flutter/sdk/FlutterSettingsConfigurable.form' is listed under 'Unstaged Files (1)'. A 'Stage all changes' button is present.
- Staged Files:** The file 'src/io/flutter/settings/FlutterSettings.java' is listed under 'Staged Files (1)'. An 'Unstage all changes' button is present.
- Commit Message:** The bottom section shows the commit message 'Changed Dialog functionality' and a description field.
- Commit Action:** A green button at the bottom right says 'Commit changes to 1 file'.

The interface also includes a sidebar on the left with a file explorer and a list of branches. The top bar contains various Git actions like 'Undo', 'Redo', 'Pull', 'Push', 'Branch', 'Stash', and 'Pop'.

Continuous Integration (CI)

All checks have passed

2 successful checks
